**FREIGHT DERAILS** - A special crane lifts a Santa Fe engine out of the way after two engine units and nine cars suffered approximately \$70,000 in damages in a derailment at Buckholts Sunday night. A Santa Fe spokesman said no one was

injured in the incident and no dangerous substance was in any of the damaged cars. Farm Road 1915 at Buckholts was blocked until special cranes were brought in to clear the tracks for repairs.

## Bank Heist Suspects Held

Two Taylor men were arrested by FBI agents Friday and charged with the January 21 robbery of the Thorndale State Bank, Sheriff Leroy Broadus told The Herald.

The men were identified as Jewel Jackson and his brother, Tommy Ray Jackson. Jewel was arrested in Austin and Tommy arrested in Houston.

They were arraigned before a federal magistrate in Austin Saturday on federal bank robbery charges.

Sheriff Broadus said Jewel Jackson is being held in the Bastrop county jail, which is a federally approved detention center for persons charged with federal crimes. Broadus said he did not know where the brother was being held.

Broadus said circumstantial evidence is also linking the two suspects with the robbery of the Walburg State Bank last year.

The arrests came as a culmination of combined efforts of the FBI, Texas Rangers, and Williamson and Milam County sheriff's officers.

An FBI agent at San Antonio said a partial license number obtained from a witness at the Thorndale robbery led to the tracing of the getaway car and the subsequent arrests.

Sheriff Broadus said the "bait money" (money kept in tellers drawers with serial number records) had been recovered, along with an undetermined amount of the remainder of the \$23,000 taken in the robbery.

The Thorndale bank was entered

Friday afternoon, Jan. 21 by two black men, one of whom displayed a gun. They forced the bank president and tellers to lie on the floor while they took money from the only tellers drawer still open. They then forced bank president Norman Clement to open a safe where additional money was kept.

After cleaning out the safe the men locked the victims in the vault and made their getaway in a blue Buick Special.

Officials said approximately 15 passersby saw all or part of the robbery.

## BIDS DUE FOR GREEN ADDITION STREET PAVING

Bids will be advertised in about two weeks for the paving of streets in the Green Addition, following action by the city council Tuesday evening.

Council authorized city engineer Clifford Cason to seek bids for the work in the street assessment program.

In other business at the short meeting, Civil Defense director Felix Matula reported that work continues on a plan for the city in case of disaster, with shelters being designated and dispersion of emergency equipment planned.

He recommended, and council voted, that John David Thompson be named assistant fire chief.

Code officer Ed Bigbee reported that a traffic survey shows the need for about 600 signs to bring the city up to standard.

Ernest Moore and Jan Lueck were appointed to draw up a policy for vacation and sick leave for city employees.

Mayor Lawrence Zott reported that all but \$17,000 of current revenue sharing funds have been committed, and recommended that the city not purchase additional equipment at this time.

CDA director A. W. McCullin reported that some 524 hot meals for the elderly have been served at the new center at OJ Thomas Park, and that an additional building has been readied and is being used.

## News Briefs

### Breakin Suspects Arrested

Five juveniles and one 17-year-old youth were arrested by Sheriff Leroy Broadus and Constable J. T. Morgan in connection with the burglary of the Tommy Murray residents in Gause Friday night.

The arrests came after three of the youths returned to the house Tuesday night and were caught by Murray. Officers recovered antique items stolen, including 13 handguns, 4 swords, 4 knives, and several other items, which had been scattered over the area in bar ditches, trees, and other places.

The juveniles were turned over to the juvenile officer and released to the custody of their parents.

### Murder Charge Filed

A charge of murder against a Thorndale woman was filed Tuesday morning following the shooting death of her husband in their Thorndale home.

Bond was set at \$3,500 for Dorrenee Ware, 24, after she admitted shooting her husband, J. A. Vance Robertson, 34, following a disturbance at their home about 1:45 a.m. Tuesday.

Robertson was shot once in the chest with a .22 rifle, according to Sheriff Leroy Broadus.

Ware was placed in the county jail.

### Council Filings Told

Councilwoman Jan Luecke has filed for re-election to Place 5 on the Cameron city council. Other filings include Dale Smith, local farm implement dealer, for Place 4 now held by Monroe Fuchs; and Tommy Corley, another implement dealer, for Place 3 now held by Gene Lumpkin. Lumpkin says he will not seek re-election.

### Rockdale Office Robbed

Rockdale police and the Milam County sheriff's department are searching for leads in the armed robbery of the State Farm Insurance office in Rockdale around 8:30 a.m. Saturday.

Police reported that two white men, one armed with a sawed-off shotgun, entered the office at 231 Ackerman and demanded money. A small amount of cash was taken from one of the secretaries' purse, along with a number of credit cards.

State Farm manager Al Sloan said no cash is kept in the office.

No one was injured by the robbers, who left the scene in an orange Mustang.

### Fire Guts Mobile Home

A fire in a mobile home at 11 p.m. Saturday night destroyed all the belongings of the Stanley Vans family and accounts have been opened in both Cameron banks for donations to help them.

The fire was believed to have started in a furnace in the mobile home, which was parked at Whittington Mobile Home Park. The home was heavily damaged by fire, water and smoke.

### WEATHER REPORT...

Central Texas doesn't know what winter is and wouldn't know what to do with this one if we had it.

Dallas Sunday picked up about 7 inches of snow, a lot of street ice which has since cleared, fourth storm of the year.

But in the Midwest, they never had such winter this century.

From Northern Indiana, a brother notes:

"It has been a long time since the weather has completely shut down everything. It has really happened here for sure. My neighbor's driveway across the street has at least 4 feet of snow drifted across it. I am sure through media and wire tapes and TV you have seen our situation at present (January 28) in the Midwest. Right now we have minus 13 degrees in the middle of the morning with winds up to 30 miles per hour. Chill factor up to minus 60. No way to get out of the house for at least 3 days. So much for the weather. It couldn't be worse."

From Kalamazoo, Mich., a sister observes:

"To see the bare branches and know they hold the buds of spring is encouraging this 10 degree below zero morning."

"Actually we've managed fairly well so far in this fiercest winter of the century. Last Saturday, the furnace was off for six hours. We were beginning to see frosty breath when the repairman arrived. The VW Rabbit had to be towed to the garage one day, but its front-wheel drive is excellent on snow and ice."

"This is the year Leslie should have skied Michigan. Ski resorts are booming, many cars with license

## Cauley Accepts Lufkin Post

Yoe High School head coach and athletic director Ed Cauley has accepted a similar position at the Lufkin High School. It was announced this week.

Cauley came here in April of 1972 and compiled a 38-12-6 record, his teams winning two regional championships.

He will move to Lufkin and take over his new duties as soon as he is relieved by the school board and someone is appointed to take his academic classes.

plates from Western states."

117-117-117

It hasn't been many weeks since the ski centers in New Mexico and Colorado were short or shallow of snow. It apparently went as far east as New York and as far south as Miami where the "first snow ever" hit a few weeks ago.

As a college student, I once hitchhiked in 10-degree-below-zero temperatures from Springfield, Mo., to Tulsa, Okla., a distance of perhaps 250 miles. It was about 50 degrees in Tulsa that same day.

I don't ever remember a chill factor of minus 60 in the Midwest and apparently the weather records don't cough up any colder marks in the 20th century. This is the kind of stuff you expect in the Arctic Circle and Northern Canada.

A foos ball would probably freeze and fracture in that element. A tennis ball will begin collapsing at about freezing as the inner rubber core hardens.

Experts are predicting this cycle will continue in the North and Northeast for another four or five years. The migration south will be even heavier for industry and residents.

It has been about 25,000 years since the Ice Age movement of glaciers carved out the lake system of the Midwest where these reports derive.

We are lucky to do without all this.

117-117-117

### WITH JOHN HENRY

Just joshing around the other day, a few journalists with experiences similar to some here suggested we form a "truth squad" as a sort of counter to the "cheap shot artists" who hide behind the facades of their institutions.

One of them, and a tennis player, took it one step further.

"You know, Frank, we ought to make a list like Woodward and Bernstein did in 'All The President's Men,' of all the things that don't match about such guys, and roll up duplicate lists into balls."

"Oh," I said. "And if I don't jam one down their throats, one at a time with a first serve, you'll do it with an overhead smash."

"Right!"

"It's probably UnAmerican. But in the tradition of John Henry Faulk, let's do it."

## 1st Traffic Fatality Reported Here

Arthur Lewis of Rt. 2 Cameron died at a Temple hospital Tuesday night as a result of injuries suffered when his pickup collided with a transport truck Tuesday afternoon at Fourth and Travis.

This is the first traffic fatality of the year for the County. Driver of the truck was not injured.

Area police and DPS troopers reported traffic accidents near Burlington, one in Cameron, and a car-pedestrian accident in Rockdale over the weekend.

The same stretch of pavement which becomes treacherously slippery when it rains racked up another accident with serious injuries to a Brazoria woman Sunday.

Mr. and Mrs. Archie Lee of Brazoria were pulling a 35-foot travel trailer with a pickup on Hwy. 77 when

the pickup went out of control and overturned about a mile south of Burlington at 1:45 p.m.

The Lees were taken to Halbert Hospital in Rosebud where Lee was treated for minor injuries. Mrs. Lee's injuries were reported to be more serious and she was transferred to a Waco hospital.

## Milano Residents File Petition For Election

A petition calling for an incorporation election for the community of Milano was presented Monday to Milam County Judge O. B. Harden.

Milano school Supt. Charlie Martin, who presented the petition, said the commissioners will review and possibly act on the petition during their regular meeting February 14.

About 100 residents met Jan. 24 and voted for Martin to circulate the petition and also to draw up proposed boundaries for the new incorporated city.

Martin appointed O. T. Bullock, Jewel Griffin, Lee Keene, E. C. Westbrook and Luther Walker to a committee to determine the boundaries and to draw up the petition.

The committee met last Wednesday and Thursday nights.

The petition was posted at the Milano school building. Signatures were collected Friday, Saturday and Sunday.

## Cliff Marburger Dies; Was Local Auto Shop Owner

Clifford Marburger, 50, Cameron businessman, died Tuesday morning at his home. He was the owner of Cliff's Auto Service in Cameron.

Funeral arrangements were pending at presstime Wednesday.

Surviving are his wife, Mrs. Lucille Marburger of Cameron; his parents, Mr. and Mrs. Ben Marburger of Burlington; his grandmother, Mrs. Maggie Dennis of Rosebud; one son, Clifford Douglas Marburger of Cameron; two daughters, Patricia Fuchs of Round Rock and Barbara Hairston of Temple; one brother, Joe Ben Marburger of Virginia; two sisters, Juanita Polcek of Corpus Christi and Mrs. Angie Golden of Houston; and two grandchildren.

Hope everyone will come out and help make the show a success.

## They're Not Our GW's . . .

We're paying more for natural gas intra-state than consumers inter-state. The Arabs are not totally unified on the price gouge of oil imports to the West, but they have the decided advantage until we have alternative oil and gas resources.

Production from Alaska and deep-sea wells will be several years catching supply, particularly the approximate 50 per cent we import from the Middle East.

Cartel control among overseas countries and Third World countries is affecting pricing in aluminum, for example, oil and other commodities like coffee.

We are such a vast consumer of these things, we can do without only so much, re the President's appeal to tighten belts on consumption of natural gas and oil for heating.

This country's self-sufficiency is broadly challenged.

Alternative sources of clean, non-polluting fuel run to solar energy, some years away from commercially delivery, nuclear power, rigidly controlled and challenged by environmentalists, and windpower and waterpower, which turn windmills and the turbines of giant dams.

But these cannot fill the gap of the next few years. The American people are only beginning to assess

their abilities to do without in the metro centers of population.

What is left? Coal, 800 years of it. What is remaking the economy of Milam's part of Texas? Lignite, that soft coal harder than peat of Ireland and softer than bituminous of Pennsylvania and Illinois.

There is anthracite, which burns cleaner because it is harder, but still causing pollutants.

The North is moving southward, but tens of millions by tens of millions will remain in the colder climes. We remember the grey pall on the snow when coal was the heating and power agent in the Midwest and East.

But what of the next few years, until solar, wind or water forces are productively harnessed. Are a few years of rigid environmentalism more important than the nation's economy in a world of interdependent

nations?

We are facing the question. To opt for the future of clean air, water and land, we must consider the interim means to get there.

The Arabs, the Brazilians and the West Indians don't care. The contemporary George Washingtons in those parts are Fidel Castro and Abdul Nasser.

Decision time is coming.

....FML

## The 'Plains' Of Georgia . . .

"Grin and Bear It" by Lichty shows the effect of Jimmy Carter's election win on Plains, Ga. In jest, of course.

But the best is jest in our opinion. The toughest thing to be in print is funny; the hardest act is the comedian's; one of the great tenor aria's is "Ridi, Paliacho", (Laugh, Clown,

Laugh).

Regardless, Lichty draws a carload of tourists stopped at a gas station, the sign in the background saying: "Bilge Oil; Plains, Ga."

The driver is the winking attendant's side of the windshield and saying to the driver: "That's right, folks. . . I'm a secret service man. This is merely my cover."

## White-Collar Crime Due Probe

Atty. Gen. John Hill is setting up a new unit to investigate white-collar crime which costs Texans an estimated \$840 million a year.

Hill will rely on the Deceptive Trade Practices Act, the State Securities Act and other laws to crack down on so-called "Corporate crim committed with a fountain pen."

Since Hill has only civil powers, he must cooperate with district attorneys and federal officials where criminal violations are suspected.

A unit director, three investigators and two attorneys will be financed by a \$235,000 federal grant extending over an 18-month period.

Investigations already under way include South Texas banking irregularities spotlighted by collapse of banks at Carrizo Springs and Rio Grande City, disappearance of a Wichita Falls grain dealer and possible misapplication of state funds by a state highway employee.

A three year old Chamber of Commerce study classifies as white collar crimes deceptive trade practice, embezzlement and pilferage, securities theft and fraud, receiving stolen property, bribery, payoffs, kickbacks and various other forms of fraud.

### Attorneys Dominate

As in most other states and Congress, lawyers dominate other professional groups in the Texas legislature.

Of the 150 House members, 38 per cent are attorneys.

And 21 of 31 Senate places are now held by law-

yers. The House includes 30 businessmen, 11 ranchers and farmers, 15 insurance or real estate men, six school teachers, three homemakers and six who classify themselves as full-time, professional legislators.

The Senate includes three insurance men, a housewife and five in business fields.

Speaker Bill Clayton is a farmer and Lt. Gov. Bill Hobby is a newspaper and television executive.

### Appointments

Gov. Dolph Briscoe named Sam E. Carter of Temple to the State Banking Board replacing James L. Lindsey of College Station whose term actually expired in 1973.

Briscoe reappointed Raul Jimenez of San Antonio to the State Board of Public Welfare and Jackie St. Clair of Austin as Commissioner of the Texas Department of Labor and Standards.

Other reappointments included Gen. Thomas S. Bishop as Texas adjutant general; Gen. Willie Scott as assistant adjutant general for Army and Gen. Belisario D. J. Flores as assistant adjutant general for Air.

### Taxes Booming

Comptroller Bob Bullock reported major state taxes brought in more than \$4 billion last year, a 16.8 per cent increase over calendar 1975.

Natural gas tax revenue went up 48.1 per cent and sales tax collection 18.2 per cent, nearly double the national average.

Car sales taxes rose 31.6 per cent and franchise taxes 35.5 per cent.

Bullock noted his earlier projection of \$2.9 billion in

additional revenue for appropriation by the legislature represents a 34 per cent increase over money available in 1975.

### Courts Speak

Finance charges of more than 10 per cent a year cannot be added to customers' open accounts by retail dealers, the State Supreme Court held.

In other actions, the high court:

—Refused to order dismissal of defeated Republican former Congressman Dr. Ron Paul's election contest against Congressman Bob Gammage who defeated him last year by a narrow vote.

—Held a state university cannot legally close a city street without legislative authority.

—Took under study the question whether juries must find "beyond reasonable doubt" that a person should be committed to a mental hospital against his or her will.

—Agreed arson investigation records cannot be kept out of the hands of the property owner.

The Court of Criminal Appeals reversed a five-year sentence for aggravated assault given a Killen woman on grounds evidence didn't show a knife used was a deadly weapon.

### AG Opinions

Rules for conduct of hearings issued by Texas Education Agency are inapplicable to hearings before junior college boards except those on vocational and technical programs.

Dear editor:

Some weather scientists are predicting another Ice Age may be on its way across the earth. Apparently they haven't been outside this winter as most of us thought it was already here.

According to them an Ice Age hits every 10,000 years and it's now been 12,000 years since the last one. This is about average for weather predictors; they miss it by 2,000 years. I have always contended that weathermen are excellent when it comes to telling us what happened yesterday, but a little slipshop about what's going to happen tomorrow.

When a forecaster says it's going to be fair tomorrow and it turns out rains comes down in torrents, he wasn't wrong, the weather was. The first requirement of a weatherman or a Congressman is to be able to ignore today what you said yesterday. I suspect when weathermen retire they become economists who predict the economic index is going to take a turn upward

in the next quarter.

Speaking of this winter, I'm sure the suggestion that we should turn down our thermostats to conserve energy ought to be endorsed by everybody. It's already been endorsed by the makers of sweaters, overcoats, and long-handle underwear. Makers of cold remedies will be next. And as soon as they hear about it, people who sell firewood at \$75 a cord will come out for it too.

Back to the possibility of another Ice Age. Opinion is divided. One group of scientists says it's coming. Glaciers will creep slowly over the earth and we'd better be ready to do something about it. Another group says no, the weather isn't turning colder, it's turning warmer and there's danger of that permanent ice at the North Pole and other places melting and sending the oceans flooding over the coastal cities of the world.

This leaves us where we've always been. We don't know what the weather next week is going to be.

Yours faithfully,  
J. A.

## Texas Rural Communities Are Struggling To Survive

Texas rural communities are struggling to survive, and there is no easy answer for giving them a new lease on life, says a state community resource development program leader.

Dr. James I. Mallett with the Texas Agricultural Extension Service points out some of the reasons for the economic downfall of country towns.

"The foremost reason for their decline is the increased technology both in agriculture and in industry that has changed the economic structure. Reduced population and migration to urban areas further strains the local economy. And, in some cases, local resources have been exhausted."

But rural townships have also complicated their problem with neglect, contends Mallett. Most rural areas fail to realize the needs for public services to attract

business and industry to strengthen the economy.

"To strengthen the monetary situation, a community must attract business and its profits," says the Texas A&M University System specialist. "Service businesses—real estate, insurance, legal and medical—are currently enjoying great success but their major markets are in urban areas."

To save themselves, rural communities must provide more adequate services and facilities. They can get a start with loans, grants, and technical assistance offered by various governmental agencies, advises Mallett.

Another method of cutting the strangling rope from the community is to stimulate the expansion of local firms and homegrown industries, suggests Mallett. Such industries in the country can be promoted to attract "urban cousins."

**MARRIED** - Miss Lisa Ann McCann and Mr. Stephen M. Carroll were married January 29, at the First United Methodist Church, Lampasas, Texas. Parents of the couple are Mr. and Mrs. George McCann and Mr. and Mrs. Fred M. Carroll. The ceremony was performed by the bride's uncle, Rev. Forrest McCann, of Abilene. Mr. Carroll is the grandson of Mrs. E. A. Perrin of Cameron.

## College News

Dr. Miles Anderson, vice-president for Academic Affairs at North Texas State University, has released the list of students for the fall semester honor roll.

Listed is Elizabeth Sheldahl from Cameron with a 3.5 grade point average. She is the daughter of Mr. and Mrs. Billy Sheldahl of 1006 E. 14 St., Cameron.

## Bridal Tea Honors Miss Terhune

Miss Jackie Terhune, bride-elect of Gary Grantley, was honored last Sunday with a bridal tea in the home of Mrs. Janice Stanislaw.

Co-hostesses were Mrs. Kay Smith, Mrs. Barbara Harris, and Mrs. Becky Evans. Misses Karla Stanislaw, Karen Stanislaw, and Tracy Stanislaw assisted with the serving.

The guests were received by the honoree, her mother, Mrs. Jack Terhune, and the prospective groom's mother, Mrs. John Brantley.

Special guests were the grandmothers, Mrs. Lloyd Brown and Mrs. Tom Harris.

Special out-of-town guest was Mrs. Peggy Thweatt Hays.

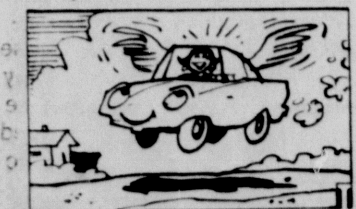

The serving table was decorated in rust and white with a floral centerpiece. Jackie and Gary plan a February 19 wedding at the First Methodist Church of Cameron.

STEWART PETERSEN and Maureen McCormick are young lovers caught in the conflict of feuding families in "Pony Express Rider," a Doty-Dayton Production opening Friday, Feb. 4-5 opening Friday, Feb. 4-5 and Sat. Feb. 5 at the 77 Drive-In Theatre in Cameron.

## The Wonderful World Of Tomorrow

Automobile experts know that one way to save energy for the future is to have lighter cars. They also know that one way to have lighter cars is to make more parts of plastic. It has been predicted that by 1980, there will be 400 pounds of plastic in every car.

## BIRTHS

To Mr. and Mrs. Wade H. Fathree Jr. of Rockdale, a boy, Adam Justin, 10 pounds born Jan. 22 at 11:42 a.m. He is welcomed by four sisters and three brothers. Grandmother is Mrs. Vergia Rice of Ben Arnold.

To Mr. and Mrs. George Wade Jones, a boy, 7 pounds 7 1/2 ounces, born Jan. 27 at 4:30 a.m. He is welcomed by a brother, Eric, who is 4 years old. Grandparents are Mr. and Mrs. Barney McLerran of Cameron and Mr. and Mrs. George Jones of Ben Arnold.

To Mr. and Mrs. Russell Stewart of Rockdale, a boy, John Lee, 7 pounds 5 ounces, born January 28 at 3:40 p.m.

To Mr. and Mrs. Johnny Rodriguez of Belton, a boy, Johnny Rodriguez Jr., 6 pounds 9 3/4 ounces, born January 20 at 6:28 a.m.

## CLUBS

The Pleasure and Profit Club met Thursday, Jan. 27 in the home of Mrs. Fannie Jackson.

In the absence of the president, Mrs. Jackson, vice-president, conducted the business meeting. She then entertained the guests with a delightful book review "O Ye Jigs Juleps," a collection of essays written by a ten year old girl, Virginia Cary Hudson.

During the social hour, the hostess served a salad plate with a hot spiced drink.

## Miss Zajicek Engaged

Mr. and Mrs. Benjamin F. Zajicek of Cameron announce the engagement and forthcoming wedding of their daughter, Margaret, to Gary Thweatt, son of Mr. and Mrs. Vaughn Thweatt of Maysfield.

The wedding will be Saturday, February 5 at the First Presbyterian Church in Cameron.

Gary is attending the University of Oklahoma where he is a member of the Oklahoma Sooners baseball team. Margaret attended Temple Junior College and is presently employed as a secretary at Duplex Advertising of Temple.

After the wedding the couple will make their home in Oklahoma.

## Hints for HOMEMAKERS

TESTED TIPS TO HELP YOU TAKE THE PANIC OUT OF WASHDAY

By Samantha

Life at home need not always fall into the same old routine. Not if you're bent on saving some time for your own hobbies or for joining in on the family fun. All you have to do is change your attitude about housecleaning. Easier said than done? Perhaps. But altogether possible if you follow this bit of sage advice from the Lestail Home-maker's Service. Resolve, they say, to do nothing that isn't absolutely necessary. And, don't waste your energy on worrying—use it to have fun instead.

For starters, take the panic out of washday horrors like ground-in, greasy dirt, tar, oil, mud and grass stains on clothes, bedding and slipcovers. The secret? Pre-treating with Lestail. Just rub famous heavy-duty, grease-dissolving, liquid formula full strength, onto badly soiled areas. Then, soak everything overnight in a tub filled with hot water. In the morning, drain them off and load the

washer as usual. To keep dusting and sweeping to a minimum, cut down on unnecessary knick-knacks. At times when you want to relax more, simply store dirt-catching or breakable decorative items in a closet. Take them out when

you're feeling more industrious. There's no sense in giving up your leisure to a room of demanding odds and ends. Make this resolve: to enjoy life as much as the rest of the family. Say "No!" to extra work, and "Yes!" to time and effort-saving ideas.

"I have the simplest tastes. I am always satisfied with the best."

Oscar Wilde

## SCHOOL LUNCH MENU

**CAMERON**  
MONDAY, FEB. 7  
Fried fish portions  
Macaroni and cheese

Lettuce-tomato salad  
Corn bread-butter  
Apple crunch

## Tasty Tips from Checkerboard Kitchens

PLEASE THE CROWD WITH BONUS BURGERS

Serve Bonus Burgers and please everyone at your next barbecue. Bonus Burgers are really hamburgers plus a choice of flavorful fillings. The juicy burgers get their good taste from bite-size crispy wheat squares and a savory blend of seasonings. The complementary fillings start with a small package of cream cheese. Flag or garnish according to their filling and let everyone choose a favorite. Serve any leftover filling with crackers. They make delicious spreads.

### BONUS BURGERS

- 2 eggs, slightly beaten
- 1/2 cup milk
- 2 tablespoons soy sauce
- 2 tablespoons barbecue sauce or catsup
- 1 1/2 teaspoons onion powder
- 1 teaspoon seasoned salt
- 1/2 teaspoon celery salt
- 1 1/2 cups Wheat Chex cereal (bite-size crispy wheat squares) crushed to 3/4 cup
- 1 1/2 pounds lean ground beef
- 1/2 cup filling (recipes below)

Combine first 7 ingredients. Stir in cereal. Add ground beef. Mix lightly. Shape into 12 thin patties. Spread table-spoon filling over centers of six patties. Top with remaining patties. Seal edges. Broil or grill 8-10 minutes. Turn carefully midway. Makes 6.

**FILLINGS:** To 3 ounces softened cream cheese, blend in one of the following:

- 2 teaspoons barbecue sauce and
- 2 tablespoons chopped green onion or,
- 1/4 cup crumbled blue cheese or,
- 1/2 teaspoon prepared mustard and
- 3 tablespoons pickle relish, drained or,
- 1/3 cup sauteed chopped mushrooms
- 1/4 teaspoon seasoned salt and
- 1 tablespoon snipped parsley

## Concert To Be Held At Baylor

The Houston Symphony Orchestra, under the baton of music director Lawrence Foster, will play a concert in Baylor University's Waco Hall on Feb. 19 at 8:15 p.m.

The performance is being sponsored by the Baylor Student Union in cooperation with the Baylor School of Music.

Tickets are \$4.50, \$3, and \$1 and are now on sale in the central ticket office of the Baylor Student Union Building. Mail orders should be addressed to Symphony Tickets, Baylor Student Union, Waco, Texas 76703 and should be accompanied by a stamped self-addressed envelope. All seats are reserved.

The concert program will include Overture to "Fidelio" by Beethoven, excerpts from "The Three-Cornered Hat," by Falla, Tchaikovsky's "Symphony No. 4 in F Minor," and "Fantasia for Soprano Saxophone and Orchestra" by Villa-Lobos, which will feature saxophone soloist Richard Nunemaker.

A berry that grows in West Africa is 3,000 times sweeter than sugar.

**ENGAGED** - Mr. Clarence T. Sumrall of Temple, announces the engagement of his daughter, Janet Gail to Billy E. Martin. He is the son of Mr. and Mrs. Bob G. Martin of Cameron. A February 26 wedding is planned.

French fried potatoes were not invented in France but in Belgium. Then their popularity spread to the north of France.

## IRIS' ANTIQUES AND GIFTS

## Proposal To Limit Speed Indicators

Consumers may find that "85 mph" is the top speed listed on their car speedometers, someday, says Claudia Kerbel, a consumer information specialist.

A proposal currently being considered by the National Highway Traffic Safety Administration would require car makers to limit the speed indicator to 85 mph she said, noting that the public may indicate their opinion on the proposal before March 14.

"This does not mean cars could not travel faster--they just could not indicate speeds above 85 mph," the specialist added.

"Several studies on the effects of the nationwide 55 mph speed limit have shown that slower, more uniform speeds are primarily responsible for the significant drop in the fatality rate," Miss Kerbel said.

"Existing speedometers which register speeds of 120 mph--or greater--are using more than half of the dial to indicate illegal and dangerous speeds. The proposed standard will help remove the immature driver's temptation to test the top speed of his vehicle.

"Also, it will make the speedometer dials more precise and easier to read--in the range of speeds normally driven," she said.

If adopted, the proposal will become effective in September, 1979.

Comments are now being sought on the proposed standard, and consumers may write, before March 14, 1977, to: Docket Section (No. 76 06), National Highway Traffic Safety Administration, Room 5108, 400 Seventh St., S. W., Washington, D.C. 20590.

## Kubiak Raps Accusations

AUSTIN  
Rep. Dan Kubiak stated that he was shocked that Rep. Jim Nugent's accusations that the Teacher Retirement System of Texas was unsound.

"The truth of the matter is that the TRS is one of the top three best-funded public teacher retirement systems in the United States," Kubiak reported, "with assets in excess of three billion dollars."

Kubiak added that the TRS is in no way in jeopardy with its present earnings of some 6.42 percent as compared with the actuarial assumption rate of 5 1/2 percent. Higgins and Company of Philadelphia and Wyatt Company of Dallas are consulting actuaries. Kubiak also reported that the 75 76 report, soon to be released, will further substantiate the TRS's sound footing for its shows a surplus in every capacity.

"It is deplorable to cast any bad reflection on the outstanding Board of Trustees and members of the TRS," Kubiak said, "when the Texas Teacher Retirement System is one of the soundest in the country."

Kubiak concluded that the combined efforts of the Governor, Lt. Governor, Speaker, and members of the House and Senate would in no way jeopardize the funds of those teachers presently retired or those teachers soon to retire.

## County Agent's Notes

## Grain Sorghum Clinic Planned

By Bill McCutchen  
Milam Co. Ext. Ag.

The Milam County Grain Sorghum Clinic, sponsored by the County Crops Committee and the Milam County Farm Bureau will be held Tuesday afternoon, Feb. 8 from 1:15 p.m. to 4:30 p.m. at the Yoe Vocational Agriculture Building in Cameron.

The meeting is scheduled for the afternoon because of the panel of experts involved. Oscar Grossman of Grossman Ag-Chem from Bell County will be one of the featured speakers. Grossman has pioneered a technique of double cropping grain sorghum that has been extremely successful for him for several years. Grossman has agreed to present his program in detail at the clinic.

Dr. John Bremer, Extension grain sorghum specialist from Texas A&M, will address methods of fertilization, planting methods, and seeding rates. These are some of the more important considerations to be made each year.

Dr. Charles Cole, Extension entomologist, will cover insect pests affecting grain sorghum production and also address the upcoming certification of private applicators that will be necessary prior to October of 1977.

Dr. Wendell Horne, Extension plant pathologist will visit the group on grain sorghum diseases include MDMV, downy mildew, a new race of head smut threatening this area, and varietal resistance to these and other sorghum

disease problems.

In short, everything will be covered but what farmers need to know most, "What will be the price of grain at harvest time?" We would like to include this too, but I am convinced that no one knows.

Make plans to hear these outstanding authorities the afternoon of Feb. 8 in Cameron.

Bob Bergland, Minnesota congressman and farmer, was sworn in as the Nation's 20th Secretary of Agriculture.

Since 1971, Bergland has represented Minnesota's seventh congressional district. He has served as chairman of the House Agriculture Subcommittee on Conservation and Credit and as a member of the agriculture committee's subcommittees on livestock and grains, and dairy and poultry.

From 1961 until 1968, Bergland worked for the U. S. Department of Agriculture. In 1961, he became chairman of the Minnesota Agricultural Stabilization and Conservation Service (ASCS), in 1963, Bergland became ASCS' midwest director and for five years administered the agency's programs in that area.

Bergland owns and operates a 600-acre farm near Roseau, Minn., raising wheat and lawn seed.

Kelly Simon  
Box 508  
Calvert, Texas

## Farm and City

## Real Estate Tax Angles Can Save Farmer Money

Taking advantage of tax angles when buying or selling real estate may save a farmer or ranchers thousands of dollars, contends an economist for the Texas Agricultural Extension Service.

"After buying a farm or ranch, it's important to set up the right tax 'basis' for the land," says Dr. Wayne Hayenga. "The basis is the amount of money allocated for land out of the total purchase price of the estate. This is the amount that will be used for figuring taxes if you sell the farm or are involved in an estate settlement."

Next, allocate part of the total price to unharvested crops, advises the Texas A&M University System economist. This amount will be the starting point or basis for figuring net profit or loss realized on income tax during the year crops are sold.

"How much you allocate to crops can make a lot of difference in the amount of taxes you pay," contends Hayenga. "The higher the amount allocated to unharvested crops, the less income you will have to pay taxes on when you sell the crops."

All buildings, equipment and timber on the land must also be given a value. These amounts will establish a basis for setting up depreciation schedules and figuring timber depletion.

"If mineral and water rights are included in the purchase price of the estate and are considered valuable in your location, put a value on these also," notes the economist. "It's a good idea to get professional help when figuring these values."

Hayenga says the best time to sell real estate is when crops are still in the ground. This is because proceeds from the sale of unharvested crops are eligible for long-term capital gains treatment (lower tax rate) if the farm has been held for more than six months. Income from crops harvested and sold separately is usually considered ordinary income and is not eligible for capital gains treatment.

When transferring a farm to a son or daughter, one way to avoid charging a fixed price is to arrange payments in the form of a percentage of the annual farm

receipts over a number of years, Hayenga points out.

"In this arrangement the buyer could not claim a tax deduction on payments made, but the seller would not be taxed for payments received until the basis or original cost of the farm was recovered. After that, payments would be taxable under the capital gains rate."

"If you decide to use this type of agreement, be sure to draw up a clear and concise contract," Hayenga advises.

Good management of the sale of a farm residence with a farm can also save money on taxes.

"If you sell a farm residence with a farm at a profit and reinvest some or all of the proceeds within a year in a house in town or another farm residence, the profit

from the house sold is not taxable," says the economist.

"Thus it's important to determine before the sale how much out of the total price of the farm is for the house. If you sold a house for \$60,000 and then reinvested \$45,000 in another house, the \$15,000 profit would not be taxable."

By trading a farm for some other type of income producing property in a town, such as an apartment or a commercial building, capital gains tax may be avoided entirely, notes Hayenga.

"There are some restrictions, but often any gain from such a trade is tax free unless you receive cash in the deal. However, if the property is sold later, profit is taxable."

By Chris Holcombe  
Milam Co. Ext. AG.

On January 21 and 22 Debbie Malone, chairman of the 1976 Milam County 4-H Council, and Peter Riola, chairman of the 1977 Milam County 4-H Council, attended the District 10 4-H Council Retreat at the 7A Resort Ranch at Wimberly. They were accompanied by County Extension Agent Chris Holcombe.

During the two-day retreat the council members received training in communications planned district 10 4-H leadership labs, discussed ways to strengthen District 10 4-H Council, and elected new officers for 1977.

Debbie was elected Public Information chairman for 1977. She is the daughter of Mr. and Mrs. George Malone of Minerva. Debbie has served as president of the Rockdale 4-H Horse Club, was selected Miss 4-H for Milam County in 1975, and has served as chairman of the Milam County 4-H Council. She has served as a junior leader for her local club and has served on many local and county committees. She served on the District Gold Star Banquet Committee in 1976.

Debbie is a member of the 1977 District 10 4-H Executive Committee and will be in charge of the District 10 4-H Newsletter. She was also selected to serve as an apprentice leader for district leadership lab in June. Debbie is a graduating senior from Rockdale High School. While in high school she has been active in basketball, band, and National Honor Society.

Peter is the son of Mr. and Mrs. Charles Riola of Cameron. Peter was also

## SAFETY CORNER

## WINTER FUN

Winter sports and other outdoor cold weather activities bring pleasure to rural America's millions. Don't let accidents spoil your winter fun. Dress warmly. Use the wind-chill index as a guide rather than temperature. Treat frostbite with warm water 108-112 F. No warmer. Sled and ski on areas free of stumps, rocks and other obstructions, and away from road traffic. Keep cool and enjoy your winter fun safely.

The highest quality paper made today contains cotton fiber. Each sheet has a crafted uniform beauty that makes type or printing look better. Each has a recognizable "snap" and crisp feel that says unmistakable quality!

## Some Hope Offered For Cattlemen

Although cattlemen may have a difficult time seeing a pot of gold at the end of the rainbow, 1977 does offer a ray of hope.

Dr. Edward Uvacek, a livestock marketing specialist with the Texas Agricultural Extension Service, sees a reduction in fed cattle marketing for the early part of the year, about 9 percent below last year's level. But he believes marketings will increase slightly - two to three percent - during the second quarter, April through June. This rather small increase, together with lower levels of cow and non-fed cattle kill, should keep cattle slaughter low for the next six months.

"All this means that beef supplies should be down for a while," says Uvacek. "Therefore, plus more favorable feed grain prices, could stimulate an increase in feedlot placements."

Thus, if the feedlot business does pick up during the first part of 1977, then some beef supply problems could develop during the latter part of the year.

Because of a limited carryover of calves from last year and a lower calf crop, feeder cattle and calf numbers should be down during most of the year, adds the specialist.

This means feeder cattle prices should also show some improvements, following the pattern being set by the fed cattle market.

Uvacek believes that cattle feeders will remain much more cautious in the new year, and this will keep them from over-paying for feeder animals.

## Servicemen

## MARTIN LOPEZ

Navy Boatswain's Mate Seaman Martin V. Lopez, son of Mr. and Mrs. Manuel L. Lopez, Rockdale, is participating in the multi-national naval exercise "Caribex 1-77."

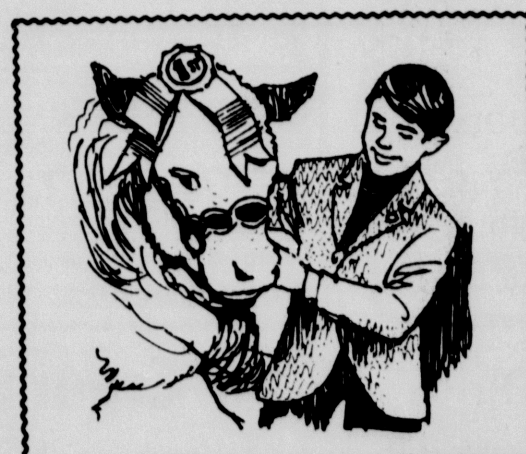

He is serving as a crewmember aboard the guided missile destroyer USS Richard E. Byrd, homeported in Norfolk, Va.

The final event of the training will be an amphibious landing at Onslow Beach, N.C. during the last week in February. He joined the Navy in July 1974.

## Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The  
TEXAS DEPARTMENT OF AGRICULTURE  
John C. White, Commissioner

## A Corny Story . . . Cattle On Feed Decline . . . Not So Sweet.

Texas farmers apparently are going to continue to make corn a "cinderella crop" in this state.

A fantastic average per acre yield of 120 bushels per acre was recorded last year; this is 33 bushels more per acre than the national average.

Texas farmers this year intend to increase corn acreage to 2,000,000 acres; this would be up 21 per cent from a year ago.

Most of the corn in Texas is grown under irrigation on the High Plains. Individual yields of 150 bushels per acre and more are not uncommon.

And though Texas ranks 11th nationally in corn production, it produces more per acre than the traditional major midwest corn producing states. Acres in the state last year were at an all-time high, and this year will set another new record for corn.

In other major crops this year, Texas farmers intend to increase cotton acres 15 per cent compared to a year ago. Sorghum acres will be down 14 per cent from last year.

The Texas Crop and Livestock Reporting Service also notes that oat seedings are expected to be up 2 per cent, barley seedings will be down 27 per cent, soybean acres will be down 7 per cent, and rice acres are expected to decline 6 per cent.

The figures are prospective plantings for the state based on Jan. 1 expectations of the state's farmers.

CATTLE FEEDING in Texas is down 9 per cent from a year ago and is down 1 per cent from a month ago. As of Jan. 1, there were 1,710,000 cattle on feed. Steers accounted for 56 per cent of the total.

In the 23 states reporting on cattle on feed, a 3 per cent reduction was noted compared to a year ago.

In this state, feeders intend to market 950,000 cattle through March 31. This would be 14 per cent lower than marketed during the first quarter of 1976.

Nationwide, cattle feeders intend to market 4 per cent fewer numbers this quarter than compared to 1976.

NO SO SWEET. That's the conclusion of the latest report on Texas honey production. The product is still sweet, but the quantity was down in 1976.

Honey production totaled 9,400,000 pounds during 1976; this is 27 per cent below the 1975 production.

Colonies of bees in the state during 1976 were estimated at 200,000 compared to 208,000 during 1975.

The colonies averaged 47 pounds of honey per colony, which is a decrease of 15 pounds per colony from the previous year.

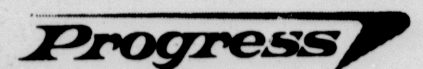

Total value of the honey and beeswax during 1976 is estimated at \$4,475,000 compared to \$6,151,000 in 1975.

CROP REPORTS coming out in the near future include the Jan. 17 annual crop summary. On Jan. 21, look for the prospective plantings for 1977 as of Jan. 1 intentions.

April 14 will be the date of the prospective plantings for 1977 based on April 1 intentions. May 10 is the date for the winter wheat production based on May 1 conditions. And June 8 is the date for the winter wheat production forecast based on June 1 conditions.

# OBITUARY

## Horton

Funeral for Mrs. Mary E. Horton was at 2 p.m. Sunday at the Marek-Burns-Laywell Funeral Home in Cameron.

Mrs. Horton, 83, died Friday night in a Cameron hospital after a long illness. The Rev. Don Miller officiated and burial was in the Pebble Grove Cemetery.

Mrs. Horton was born in Shelby County and lived in Milam County for the last 27 years.

Surviving are her husband, Willie Horton of Cameron; two sons, Jessie Dodson of Center and Virgil Wilson of Louisiana; three sisters, Mrs. Irene Black, Mrs. Ethel Fults, and Mrs. Julia Askew, all of Center; and six grandchildren.

## Buckholts

## Church Has New Pastor

Rev. Robert H. Glenn Jr. has accepted the pastorate of the Evangelical Brethren Church of Buckholts.

Rev. Glenn is a native of Cameron, having attended C. H. Yoe High School, Giddings High School, Blinn Jr. College, and the University of Corpus Christi.

He is married to the former Patricia Bowley of Cameron. They have two children, Bobby and Michelle.

Rev. Glenn has served as pastor and associate pastor of churches in Austin, Luling, and Cameron. Most recently, he served as associate pastor of the Cameron Gospel Tabernacle.

He is also the current host of the "New Day Dawning" program on KMIL.

## TJC Offers Beginners Spanish

A morning class in Beginning Conversational Spanish is being offered by the Temple Junior College Continuing Education Division.

The non-credit class will meet on Tuesdays and Thursdays from 9:15 to 10:40 a.m. in Room 105 beginning Feb. 1.

The course covers basic conversational Spanish stressing essentials of functional patterns in conversation, pronunciation, and vocabulary. It provides not only everyday expressions but also a springboard for specialization in business, stenography, medicine, teaching, and travel.

Information and registration may be obtained by calling the TJC Continuing Education Division at 773-9961, ext. 66.

## Neinast

Felix J. Neinast, 78, of Burlington, died Friday night in a Rosebud hospital after an extended illness.

Funeral was at 2:30 p.m. Sunday in Hoelscher Funeral Home in Rosebud with the Rev. W. A. Mueller officiating. Burial was in the Woodland Cemetery in Rosebud.

Mr. Neinast was a native of Washington County and had lived in Houston and Cameron before moving to Burlington. He was a retired farmer and retired Falls County road commissioner, was a member of the Salem Lutheran Church and the Salem Lutheran Brotherhood.

Surviving are his wife, Juanita Neinast of Burlington; one son, Bill Neinast of Dallas; two daughters, Mrs. Eloise Plocek of Corpus Christi and Mrs. Dorothy Evans of Dallas; two brothers, Ed Neinast of Sweetwater and Dan Neinast of Seguin; one sister, Mrs. Louella Lumpkin of San Antonio; eight grandchildren and four great grandchildren.

## Service Set At Cameron, Maysfield

The Fifth Sunday after Epiphany will be observed this Sunday at the worship services at the Maysfield and First Methodist Churches.

The scripture lesson will be read from John 1:19-30. The special music will be under the direction of Mrs. Tommy Corley and Mrs. Hilliard Thomas will play the organ.

Rev. Stanley Vodicka Jr. will preside at the services at which the Sacrament of the Lord's Supper will be observed.

Human Relations Day will be given consideration as the Communion offering will be used to assist people in helping themselves toward living a more abundant life.

All youth who are in the 9th through the 12th grades are urged to secure their pre-registration forms for mid-winter that will be held at Lakeview the weekends of Feb. 18-20 and Feb. 25-27. Forms are in the church office and can be secured from Miss Joretta Howard, the senior United Youth Fellowship counselor.

Boy Scout Sunday will be observed at the church morning worship service on Feb. 13.

## Bank Fishing Gives Pleasure To Young, Old

January and February are the months when thousands of fishermen wander starry-eyed through boat and travel shows, wishing after expensive fishing rigs and electronic gadgets. But the average fisherman doesn't need such parapher-

alia to enjoy fishing in Texas.

Bank fishing for catfish, sunfish, and other less-publicized species has been neglected of late but is the simplest and often most enjoyable way of taking home a stringer of fish.

Fisheries officials at the Texas Parks and Wildlife Department say type of tackle used for bank fishing is unimportant. About any rod and reel will do the job, and in some areas, a cane pole is adequate.

Reels should be equipped with a 6- to 10-pound monofilament line. A small, long-shanked hook enables fishermen to use most types of natural bait for catching small-mouthed fish.

When using a cork to float the bait, attach a small split shot some six inches above the hook to keep the bait at the desired depth. But if fishing bait on the bottom, a 2/8 or 1/2-ounce bell sinker 12 inches above the hook will keep the line tight and still give the fish some slack line to take the bait.

The most versatile bait is the common earthworm. They are available at any shop, can be dug from the garden, or even raised in a simple worm bed.

Other good baits include minnows, crickets, grasshoppers, snails, shrimp, doughbait, and liver. Any fish too small for the table can be cut and used for bait.

Where's a good place to bank fish? During the winter tailwaters below larger reservoirs or heated water discharges of electric generating plants are likely spots. Good catches of striped bass and hybrid white striped bass can be made in such areas.

One type of cold-weather fishing overlooked is enclosed, heated fishing docks on many Texas reservoirs. These docks have excellent fishing for crappie, white bass, sunfish, and carp.

Fishing also is productive on the lake side of the dam if rock riprap is present. The jumbled rocks are good spawning areas and cover for walleye, channel catfish, blue catfish, spotted bass, and sunfish.

Walleye congregate in areas during February and March to spawn. They are closely followed by spotted bass, and during the late spring riprap is used by blue and channel cats. Sunfish are present

almost all the time.

When fishing the riprap use some type of artificial lure resembling a shad or minnow or small spinner bait of some type. If live bait such as minnows or crayfish aroused, fish with a cork to prevent the bait from hanging and breaking the line.

In other parts of a lake fish can be attracted by baiting an area with maize, cottonseed cake, dog food, cereal, or old bread. It takes less than an hour to attract sunfish to such a spot. Catfish, crappie, or carp take longer to draw.

When fishing a baited area for catfish or carp, fish on the bottom with a small hook baited with earthworms, shrimp, or doughbait. Catfish usually are taken late in the afternoon or night. Carp generally bite best during the day but also are caught at night.

Regardless of the type of fish caught, or if any fish are caught at all, the most important thing about bank fishing is that children love it. They usually catch fish and when fishing is slow they are free to roam about, something they can't do in a boat. Just remember to put a life

jacket on all youngsters. Practically all freshwater fish are good to eat, even if they are rather small.

It doesn't take a big boat, motor, and fancy tackle to fill a stringer with fish. For those persons between the ages of 17 and 65 all it takes is a \$4.25 fishing license if fishing with a winding device or outside the county of residence.

## Yoe Cagers Win Two, Lose One

The Yoe High basketball teams traveled to Manor Friday night to battle the Manor Mustangs in district basketball action.

The girls varsity fought a battle down to the wire, but the Mustangs were able

to squeeze past the Yoemen in the closing seconds of the game to defeat them 28-27.

The Yoe girls trailed at the end of the first period 7-2 but managed to hold a slight edge as they went to the lockers at halftime 16-14. The third quarter proved to be an offensive battle with both teams scoring consistently. As the third period ended the Yoemen and Mustangs were tied at 22 each. The final period proved to be the most exciting as the scoring was destined to go until the final buzzer sounded.

With twenty seconds left in the final period the Yoemen led 27-26 and held the advantage as they were shooting a one and one combination free shot, unfortunately for the Yoemen the shots fell short and the Mustangs took the ball down the court to score with less than four seconds left on the clock, putting the wraps on the game for the Mustangs as they won it 28-27.

Leading the scoring for the Yoe girls were Evelyn Pittman with 16 points and Vicki Brashear with 5.

The boys JV then took to the courts to defeat the Mustangs of Manor 48-43.

The Yoemen Varsity roundballers then defeated the Mustangs on their home courts 52-49.

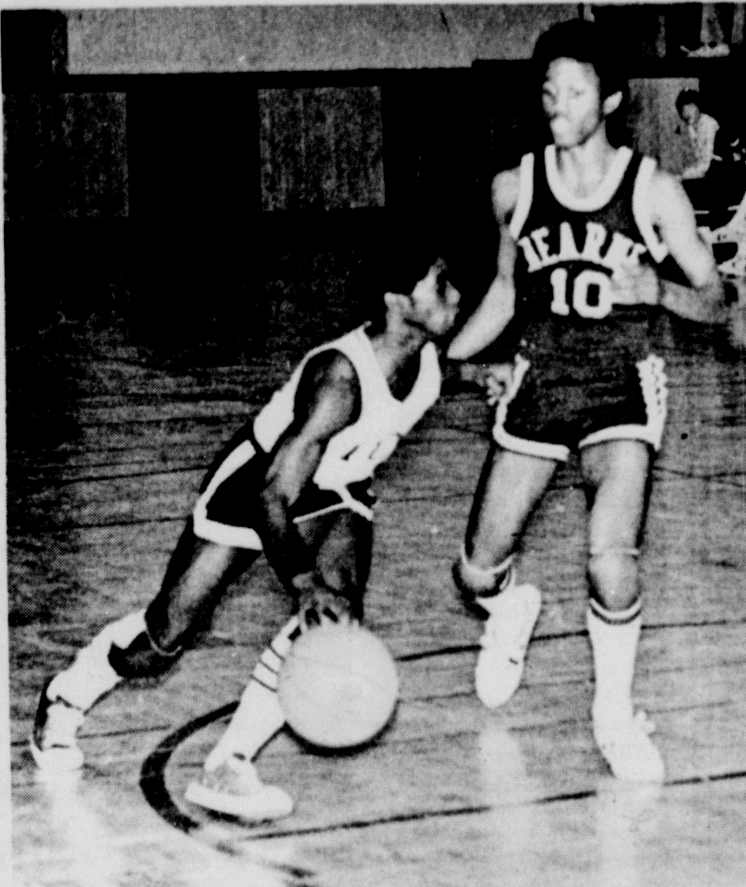

After trailing 10-8 at the end of the first period the Yoemen managed to tie the ballgame up by the half at 22 all and made ready for a new ball game in the second half. The Yoemen fell short in the third stanza and

as the quarter closed the Yoemen trailed again 37-36. The Yoemen made their final comeback in the final stanza as they managed to put 14 points on the board to the Mustangs 12 to defeat the Mustangs 52-49. The win puts the Yoemen at 4-4 for district action.

Leading the scoring for the Yoemen were Curtis Wise with 11 points followed by

Millard Daniels with 10 and Greg Kelley with 9.

Varsity coach Kenneth Poole said, "We finally managed to come out of our offensive slump and our scoring became consistent. Brian Wilkinson did a fine job on rebounding against Manor and the team as a whole did a good job executing our press."

GREG KELLEY drives inside to set up a Yoe score.

## Eleven Texans Lose Lives In Hunting Accidents In '76

Eleven Texans lost their lives in hunting accidents during 1976, according to figures recently compiled by Parks and Wildlife Department hunter safety official T.D. Carroll.

"A total of 63 accidents was reported to us during the year," said Carroll. "This is down somewhat from the 1975 total of 77 accidents. Fatalities have remained constant at 11 each year."

Carroll's records show deer hunters were involved in 16 of the accidents, dove hunters in 15, quail hunters in 7, with the rest distributed among hunters after squirrels, waterfowl, pheasants, and other species.

"A good portion of the accidents - 21 - was caused by hunter judgement," said Carroll. "In some cases, the victim moved into the line of fire, was out of sight of the shooter, or mistaken for

game. "None of the 21 victims was reported to be wearing blaze orange or some other bright color while hunting."

Another 13 accidents involved loaded guns in vehicles.

Rifles figured in 24 of the accidents, shotguns in 31, and handguns in 8. No archery accidents were reported for the year.

Under Carroll, the Texas Parks and Wildlife Department administers a Voluntary Hunter Safety program which provides instruction in proper use of firearms, game identification, first aid, conservation, and hunter ethics.

The Safe Hunter Certificate issued to those who successfully complete the course is recognized by neighboring states which require such instruction before issuing a hunting license to some age groups.

"Of the 96 persons involved in hunting accidents in 1976," said Carroll, "31 were 16 years of age or younger. Many youngsters receive firearms for Christmas and responsible parents should waste no time in making sure their children learn proper respect for guns and hunting."

Carroll said names of instructors who teach the P&WD hunter safety course are available from most department offices and local game wardens.

A fee of \$1 per student is charged to cover costs of instructional materials.

## Yoe Fish Drop To Elgin; Down Panthers 38-18

The Yoe High School freshmen traveled to Giddings to compete in the Giddings Tournament, last weekend.

The Yoemen battled the Elgin Wildcats in their first game, dropping that bout 56-50. The game was tied up at the end of the first period 16-16. The Yoemen then fell short in the second stanza as Elgin led 35-32.

The Wildcats extended their lead in the third quarter outscoring the Yoemen 44-39. The Yoemen came close in the final period, but fell short in the final seconds to lose it to the Wildcats 56-50.

Leading the scoring for the Yoemen was Terry Lowe with 23 points.

The Yoemen were matched with the Pflugerville Panthers in their second bout, and defeated them 38-18.

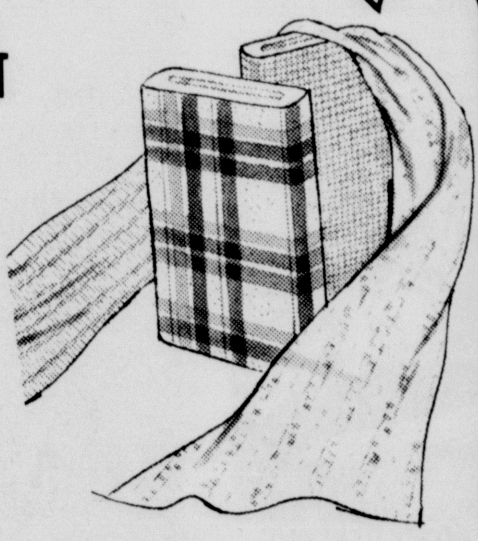

The Yoemen were not to be denied their second bout as they came on strong leading the Panthers 14-0 at the end of the first period and were ahead 26-6 at the half. The freshmen just took it easy for the remaining two periods as they trounced the Panthers 38-18.

Leading the Yoemen scoring attack was Terry Lowe with 13 points.

Hughes. Center row, Kim Fritz, Mrs. Jerry Bartley, Brenda McCall, Layne Shelander, Janet Trdy and Cindy Edmonds. Back row, John Homerstad, Travis Hobson, Mike Marek, Band director Jerry Bartley, Mr. and Mrs. Coggin.

## New Association To Serve Cbers

**WASHINGTON** Some of the people who are serious about expanding the uses of Citizens Band radio have formed a nationwide organization with headquarters in Austin, it was announced here today.

The National Association of Legal Citizens Band Radio Operators, Inc., 4000 Medical Parkway in Austin, is a privately funded association designed to funnel research information to the Federal Communications Commission.

Association director Tom Felton announced formation of the "Legal Cbers" at a meeting of the CB advisory committee to the Federal Communications Commission. The committee is called the Personal Use Radio Advisory Committee (PURAC) and was established in April 1976. The purpose of the committee is to advise the FCC on problems created by the expanded use of Citizens Band radio.

"We expect our first year membership drive to generate 500,000 applicants for membership," said Felton. "We plan to open more than 300 Legal Cber offices nationwide. The first area office will be in San Antonio."

The new association has asked members of the Texas House of Representatives to nominate constituents from all the Legislative Districts to serve on a statewide Citizens Band radio study committee. A similar procedure is planned in each state.

Felton told the PURAC meeting here that the Legal Cbers will publish a definitive handbook on CB radio and keep the contents current with events and technology on a monthly basis. He said publication is scheduled in February.

## May Drive Set For Mental Health

Chairpersons for the May drive for mental health will soon be recruited around the state.

The drive will benefit the Texas Association for Mental Health, a non-profit volunteer organization dedicated to promoting mental health through education, while working on behalf of the mentally ill and their families.

The educational theme of the association this year is about depression, the most common mental disturbance. The association urges depressed persons to seek help when they lack the ability to "bounce back" after a reasonable length of time following disappointments, loss, or stress.

For information on depression, or where to find help, write to the Mental Health Association, 103 Lantern Lane, Austin, Texas 78731.

Felton said Legal Cbers will endeavor to bridge the gap in information between FCC, the individual operator, and the public.

Legal Cbers will help sort out any conflicts between CB radio users and non-users--such as interference with television and AM-FM radio reception. Felton said Legal Cbers will be self-policing organization and will present valid recommendations to the FCC for changes and modifications in rules and regulations.

Felton told the PURAC meeting that Legal Cbers intends to become a national voice for individual operators and that the association's research and survey work is designed to benefit everyone.

## Johnston Ends 43 Years With Alcoa

J. Estel Johnston, planning and traffic superintendent at Alcoa's Rockdale Works, ended more than 43 years of company service when he retired February 1.

A native of Harrogate, Tenn., Johnston transferred to Rockdale in 1960 and has been active in various community and church affairs.

He is a past president of the South Milam County chapter of American Cancer Society, member of the Rockdale Noon Lions Club, and past president of the Rockdale Christian Association and a past chairman of the Milam County Republican Party. He has also been active in the Boy Scout program, chamber of commerce and Little League.

J. ESTEL JOHNSTON

The first woman to swim the English Channel was 19-year old Gertrude Ederle in 1926. It took her 14 hours and 31 minutes!

## Seminar Will Teach Arts

Many of Texas' finest talents in fiber crafts will be in Kerrville on Feb. 19 and 20 for a special seminar and show sponsored by the Texas Arts and Crafts Foundation.

The two-day program will be held in the Medallion Room Convention Center of The Inn of The Hills. All sessions will be open to the general public, according to Audie Hamilton, Foundation executive director.

Weaving, macrame, batik, basketry, and needlepoint will be featured in special teaching sessions. Both beginning and advanced instruction in weaving and macrame will be offered. Other demonstrations in spinning, carding, natural dyes, and other fiber crafts will be offered informally during the two day event.

A special brochure giving schedule, hours, and other important information may be obtained by writing the Texas Arts and Crafts Foundation, P.O. Box 1527, Kerrville, Texas 78028.

WHY NOT LOOK INTO IT.

## PUBLIC NOTICE

Notice is hereby given that Bluebonnet Electric Cooperative, Inc. intends to change rates for electric utility service effective February 15, 1977, or as soon thereafter as permitted by law. The changes are applicable to all areas to which the Cooperative provides electric utility service. All classes of customers are affected by the proposed changes. The proposed rates will effect an 8.5% increase in the operating revenues of the Cooperative based upon the twelve month period ending June 30, 1976 as the adjusted base year.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A Statement of Intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Cooperative, and the classes and numbers of utility consumers affected is on file with the Public Utility Commission of Texas, the City of Bastrop, the City of Brenham, the City of Burton, the City of Carmine, the City of Fayetteville, the City of Giddings, the City of Manor, and the City of Round Top.

The Statement of Intent is available for public inspection at the general office of Bluebonnet Electric Cooperative, Inc. at 426 E. Austin Street, P. O. Box 240, Giddings, Texas 78942.

## Winter Affecting Some Food Items

Harsh Old Man Winter's icy fingers reach even into food news this week - as frigid conditions continue to disrupt the nation's usually orderly marketing system, according to Mrs. Gwendolyn Clyatt, consumer marketing information specialist.

"Consumers will be forced to spend a little more time shopping and making careful selections as a result of the inclement weather," she cautioned.

Mrs. Clyatt is with the Texas Agricultural Extension Service, the Texas A&M University System.

She blamed weather for a possible price hike on several items - which will probably be temporary, and she advised consumers to try choosing less-expensive items that still meet their needs.

Among items currently affected are livestock that cannot be moved to market because of icy road conditions - along with vegetables that cannot be harvested due to exceptionally wet fields.

"At meat counters, fryer chickens are in heavy supply, and they will force stiff sales competition on currently large supplies of beef and pork," Mrs. Clyatt said. "Also, look for great values offered on turkey parts."

In beef buying, usually good values may be found on chuck cuts, ground beef and liver, and sirloin and T-bone steaks - with occasional low price tags on corned beef, the specialist said.

"Fresh pork features are scattered but primarily will appear on Boston butt roasts, quarter-loins cut into chops - and pork liver. Emphasis also is being placed on semi-boneless hams, smoked picnics, bacon, frankfurters and roll sausage."

At fresh vegetable counters, the most economical items in good supply are dry onions, white and sweet potatoes, carrots, cabbage, hard-

shell squash, turnips, and rutabagas, Mrs. Clyatt said.

"Rainy weather has held back lettuce shipments, and prices are higher. For an economical substitute, consumers might try escarole, endive, or one of the 'leafy' varieties."

"At fruit counters, everything is coming up citrus," the specialist said.

"Grapefruit is plentiful, and we can look for lower prices. The same can be said for oranges, tangerines, and tangelos."

"Also, fresh cranberry production set a record this year - and cranberry products are plentiful."

"Bananas, avocados, apples, pears, and Hawaiian pineapples are worthy of consideration price-wise."

At dairy counters, among better values is a variety of cheddar cheeses - and cottage cheese, she said.

Along grocery store aisles, good values will be found on a variety of canned fruits and vegetables, non-fat dry milk, peanut butter, and bread

## Baylor To Host

## Regional Conference

Baylor University will host about 1,200 educators for the 10th annual Central Texas regional conference of the Texas Association for the Improvement of Reading (TAIR) Feb. 3-4.

James W. Wiley, Baylor assistant professor of education and a former state president of TAIR, said the conference is organized by Baylor personnel, Central Texas school districts, and Region XII Education Service Center.

## High Potency Vitamin E

## Sexual Potency Quickly Improves With New 'E-Pill'

NEW YORK, N.Y. (Special) — An amazing new "super-charged" vitamin E-Pill has recently been developed that reportedly "quickly increases and rejuvenates sexual drives and potency for both men and women of all ages. It also makes them feel healthier and more youthful". It is now available to the American public.

The new high potency E-Pill not only seems to increase sexual ability of both sexes but also "actually perks up sexual interest and stimulates a persons desires," according to a spokesman for the manufacturer.

## ALSO IMPROVES GENERAL HEALTH

This new, easy-to-take E-Pill contains newly formulated, highly concentrated vitamin E. It tends to quickly build up and strengthen the natural physiological processes of the body that are believed to be basically responsible for its potency, youthfulness, health and long life.

## HELPS 4 OUT OF 5 PEOPLE

Indications are that the new E-Pill gives quick and effective results to as high as 4 out of 5 people (80%) who have used it. Some people report no great change but feel the high potency of "vitamin E in the pill does quickly make them feel better from a general health standpoint."

Other reports also show it tends to "lessen daily tension and give a more relaxed, happier outlook on life."

## NOW AVAILABLE

The use of these high potency (one-a-day) E-Pills is perfectly safe and are now available without prescription from the manufacturer by mail order only. To get your supply, send \$6.95 for a 2 week supply, (or \$10.95 for a 30 day supply, or \$17.95 for a 60 day supply) cash, check or M.O. to: E-Pill, Dept. 516, 447 Merrick Road, Oceanside, N.Y. 11572. (Unconditional money-back guarantee if not satisfied.)

## Buckholts

Mrs. Edwin Gandy

The sunshine looked very beautiful on Monday even though it was still cold.

The Modern Gin has been ginning cotton just like it was the beginning of fall. The cotton is coming from the Brazos bottom brought in the Slavik brothers.

Visiting on Saturday with the Barosh sisters were Mr. and Mrs. August Masor and

## San Gabriel

Mrs. W. McDaniel

Bro. John Roark performed the marriage ceremony of Brenda Sharron Fills to James Allen Lay, Friday afternoon, Jan. 28 in the home of her parents, Mr. and Mrs. Charles E. Fitts. The couple will live in Rockdale.

Mrs. Kenneth Caffey of Salty spent Thursday with her parents, Mr. and Mrs. Jim Stewart.

Mrs. Buddy Limmer and Mrs. Richard Heine were in Rockdale Tuesday visiting at Baswell Rest Home with Ossie Carrol and sister Sarah and Mike Garner and at Manor Oaks Rest Home with Calvin Eiland and others.

Mrs. Mary Ann Hill of Amarillo visited her mother, Mrs. Andrea Garner Friday and Saturday. They spent Friday night with their sister and daughter, Mr. and Mrs. Frank Dittmore, Kelly, and Kris of Austin.

Mrs. Martha Zapalac of Round Rock spent from Monday til Friday with her sister, Mrs. Buddy Limmer. We are happy to hear that Mrs. Guinn Gifford is doing fine since her major surgery.

We are happy to hear the good news about Mrs. Pernice Northcott's mother of Gene Northcott. She has been in an Austin hospital. Mr. and Mrs. J. C. Payne, Robby, Calvin, and Shelton of Round Rock were supper guests of their parents Friday night.

Mrs. Walter McDaniel was in Taylor Saturday. She visited at the Sweetbriar Rest Home with Mom Smith, Mrs. Frank Brown, Mrs. Simmons, Mrs. Elsie Hirt, and Mrs. Zelma Fipps. Also at the SPJST Rest Home with Miss Tena Yeager.

## Sharp-Tracy Friendship

Services will be held at three o'clock in the afternoon Sunday in the Presbyterian CHURCH AT Sharp. There will be preaching and communion services.

Mr. and Mrs. E. H. Schroeder attended church services in Cameron Sunday morning, then had dinner and spent the evening with Mr. and Mrs. Robert Engelke and family in Cameron.

We hated to hear that J.D. Pope has broken his hip in a fall.

Robert Stevens and daughters, Carolyn and Laura, spent the weekend in Eagle Lake with Mr. and Mrs. Randy Eden and daughters.

Cold weather didn't stop the dog show from being held in Friendship Saturday.

## TJC Enrollment

## Tops Record High

Enrollment at Temple Junior College reached an all-time high for the spring semester, closing at a record 1844, Charles Stout, director of Admissions and Records, said.

In addition to being a record high for the 51-year-old college, the spring enrollment figures were an increase over the previous fall for the first time since 1957.

"A mountain and a river are good neighbors." George Herbert

family and Mrs. Robert Kruse all of San Antonio.

Mr. and Mrs. T. L. Jackson, Clint, and Teresa of LaPorte spent the weekend with her parents, Mr. and Mrs. R. W. Wall. Other guests on Saturday were Mr. and Mrs. James Tate and Jimmy from Cameron.

Monte Williams attended a banquet in Houston on Friday evening.

A train derailed in Buckholts Sunday evening around 9:30. Two cars with wheat and one with diesel and one unit of the engine was thrown from the track. There was no one injured from the accident.

Mrs. Steve Zawadzke is a patient in Scott & White Hospital because of a fall she received in her home on Tuesday. When she fell she broke her hip and she had surgery on Thursday morning. She is doing fine.

Mr. and Mrs. Johnny Fuchs left early Sunday morning for Bishop to attend the funeral of a nephew who died suddenly on Friday. He is the son of Mr. and Mrs. Henry Fuchs of Bishop.

Mr. and Mrs. Douglas Williams are the proud grandparents of a baby girl born Friday, Jan. 28 to Mr. and Mrs. Robert Skrhak of Brownwood. Mrs. Williams left on Sunday for Brownwood to spend a few days with them.

## Gause News

Mrs. Wanda Lee

Mr. and Mrs. Bill Darwin and Burge of Minerva visited last week with Mrs. Bertha Denman and attended the singing at the Full Gospel Church. Visitors with Mrs. Denman last weekend included Mr. and Mrs. Lee Denman of Spring; Rev. and Mrs. Charles Denman of Jacksonville; Mr. and Mrs. W. C. Shelander and granddaughter of Minerva; Bobby and Johnny Denman; Mrs. Minnie Baldwin and children; and Mr. and Mrs. Glendon Drago of Houston. They were all here at this time to attend the funeral of Glendon's mother, Mrs. Mamie Drago at Rockdale.

Last Wednesday Mrs. Denman spent the day in Minerva with Mrs. Michael Whiteley and Mr. and Mrs. W. C. Shelander. She also visited with her new great grandson, Jesse Wayne Shelander, son of Mr. and Mrs. Wesley Shelander. Grandparents are Mr. and Mrs. W. C. Shelander of Minerva and Mr. and Mrs. Raymond Hubert of Houston.

Mr. and Mrs. A. E. Bonorden of Port Lavaca spent a couple of weeks here at their country home.

Mrs. Bernice Longmire, who was spending some time with Malcolm Timmons while Mrs. Timmon's was in the hospital, had to be taken to the hospital in Cameron where she spent several days with a virus. Mrs. Timmons got to come home from the hospital on Friday.

Mrs. Shirley Goode was expected to get to come home from the hospital in temple on Monday.

Mrs. Tempie Butler spent last week in a Bryan hospital having tests made. The Garland Huxs of Cameron visited with Mr. and Mrs. Butler on Sunday.

Mrs. Lillian Andersen of Montana is here visiting with her mother, Mrs. Lillie Fuller and other relatives.

Kay Albright and Mrs. Tommie Cass visited in Milano last Friday night with Mr. and Mrs. Roy Gene Miller, Regina, and Trent.

The Wayne Lees visited with Mr. and Mrs. Harold Neal in Milano Friday night.

Remember on Saturday morning around 8 a.m. the Gause School Parents Club will be sponsoring a bake sale at Coats Grocery. Come get your desserts for the weekend.

Roy (Bud) Fuller is in a Houston hospital after receiving a serious fall on his job there in Houston on Friday.

Kay Albright spent the weekend in Houston with Mr. and Mrs. Billy Dan Cass and attended the wedding of Mrs. Cass' daughter.

## Maysfield

Mrs. J. P. Wise

Thomas Yager and daughter Mary of Atlanta, Ga. and Mike Atkinson of Houston spent the weekend with Mrs. E. B. Yager.

Mrs. W. C. Cooper visited

her son and family, the Carl Coopers in Bastrop Sunday.

Mrs. Leota Thweatt spent the weekend with her son and family, the Larry Thweatt's in Austin.

Vaughn Thweatt visited Mr. McConnell in the Hearne hospital Sunday.

We extend our sympathies to the families of Mrs. Claude Coker and Mrs. Mary Horton, former residents of Maysfield.

Mrs. Frank Patzke and son of Freeport spent Saturday night with her sister, and husband, Mr. and Mrs.

Johnny Yates.

Mr. and Mrs. Johnny Yates visited their daughter, Mrs. Ina May Jekel and daughter in Austin Sunday.

Pool Jamison of Freeport is visiting his sister, Mrs. Leroy Massingale.

## Burlington

Mrs. Gerald Fosha

Mr. and Mrs. Laurence Kostrum, Mark, and Chip of Cameron visited Mr. and Mrs. Otto Mayer.

Mr. and Mrs. Otto Mayer visited Mrs. Ida Ethridge of

Cameron.

Mr. and Mrs. Melvin Davis and Kim and Terry of Waco and Mr. and Mrs. Jerry Mayer of Rosebud visited Mr. and Mrs. Otto Mayer.

The community is reminded that our next get-together will be Thurs., Feb. 3 with Mrs. Herbert Engbrock, Mrs. W. J. Warchak, and Mrs. George Kahlig as hostesses. A covered dish supper will be served at 6:30 and games of dominoes and skat will follow.

Mr. and Mrs. W. G. Marek, Mr. and Mrs. W. J. Warchak, Mr. and Mrs. Frank Jahn,

Mr. and Mrs. Ervin Stoeber, Mr. and Mrs. Will Stoeber, Mr. and Mrs. Phil Krause, and August Heibert attended the installation meeting of the Sons of Herman at the Holiday Inn in Temple.

Mr. and Mrs. W. G. Marek spent the night with Mr. and Mrs. Lynn Heugatter, Allison, and Alana of Temple.

Mr. and Mrs. Houston Brown, Alan, and Russ of Troy; Mr. and Mrs. Alan Pelzel of Westphalia; and Mr. and Mrs. Stanley Kirk and Kristi of Cameron spent Sunday with Mr. and Mrs. Leonard Pelzel.

Mr. and Mrs. Roy Lee Franklin of Bryan and Mr. and Mrs. George Pool of Waco visited Mrs. J. T. Prescott and Jake.

Mrs. Aleta Marek and Eddy Janke spent Tuesday with Mrs. J. T. Prescott and Jake. Robert McCollum of Waco also visited.

Mr. and Mrs. Henry Litzman Sr. visited Mr. and Mrs. H. J. Litzman Jr. of Cameron.

Mr. and Mrs. Melvin Dornier of Houston visited Mr. and Mrs. Herman Dornier Sr. Mr. and Mrs. Herman Dornier Jr. went on a trip to Houston and Galveston.

This game being played in 20 participating Minimax stores located in Central and Eastern Texas.

### RULES FOR PLAYING GAMERAMA SERIES #12

1. Get a FREE Gamerama Master Card on request at the end of the checkout or at store office. Get one FREE Game Ticket every time you visit a participating Minimax Store. No purchase necessary to participate. Adults only eligible to play.
2. On each Game Ticket there are four Gamerama Markers. To reveal the Markers, simply punch out the perforated portions of the Game Ticket, then separate the punched out portions and you will have four Markers. Each Marker corresponds to a square in one of the Games on your Master Game Card.
3. When you have revealed the Gamerama Markers, carefully place them in their appropriate squares on your Master Game Card. EXAMPLE: If one of your Game Markers is a 4 Clubs in the \$1000 Game, insert that marker in the square numbered 4 Clubs in the \$1000 Game. When you complete any row in a game, you may have a winner. In some games, you will find squares marked FREE and it is unnecessary to collect a Marker to be placed in such FREE squares. FREE squares are not transferable. Only one winner per card.
4. When you have a winning card which has been verified by authorized personnel, you will, after furnishing your name and address, be awarded your prize. A Federal Trade Commission rule requires that the names and addresses of all winners be posted in all participating stores. When turning in your winning card all your Gamerama Markers which are not part of the winning row may be removed and transferred to a new card. Only one prize will be awarded per game on any one Master Game Card. All Gamerama Markers in a winning row must be initialed on the back by the customer in the presence of authorized personnel. Tax liability on prizes is the responsibility of the prize winners.
5. All game materials will be rejected and judged void if not obtained from and verified by authorized personnel or if any part of any of the game pieces is illegible, altered, mutilated, defaced, tampered with, forged, contains printing or other errors, or is irregular in any way. Game material void where taxed or prohibited by law.
6. Game will end upon distribution of all Game Tickets. All prizes must be claimed within five (5) days after announcement of termination or they are forfeited. Notwithstanding anything herein to the contrary, at such time

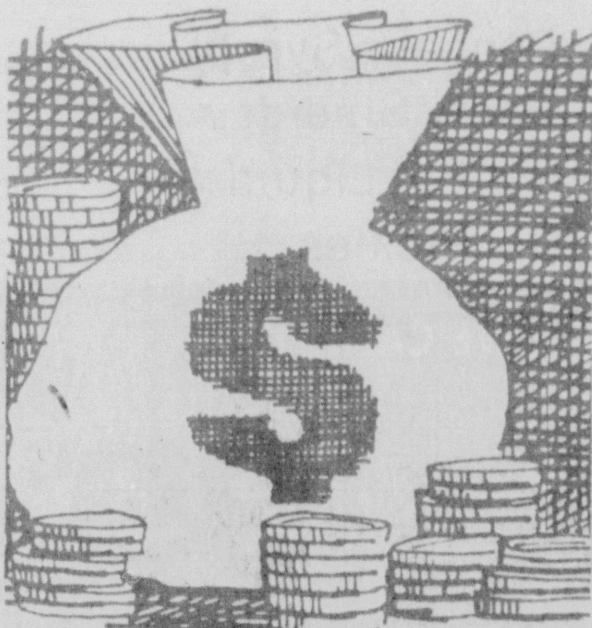

as the verified claims for prizes in any category equals the number of prizes advertised for that category, then the game as it relates to that specific prize category shall immediately terminate without notice, and any unverified claims at or after that time shall be automatically rejected.

7. Game materials valid only for this game. All game Tickets, Gamerama Markers and Game Cards must have the same series number. EXAMPLE: If you have Master Game Card Series No. 12, all of your game pieces must have Series No. 12.

8. Employees (and their I.R.S. listed dependents) of Fleming Foods Company, participating Minimax stores, Danisco Associates, their advertising agency and any other companies engaged in the development and production of these game materials are not eligible to win.

9. Gamerama Marker void if it does not have on it:  
(a) Series No. 12  
(b) Value of Game  
(c) Bingo symbol or card and suit symbol spelled out  
(d) Bingo symbol or card and suit symbol  
(e) Gamerama spelled out  
(f) Safety Pattern background  
GAMERAMA MARKER VOID IF ABOVE SIX (6) ITEMS ARE NOT CLEARLY VISIBLE.

10. Gamerama Series No. 12 Marker must conform in size, shape and detail to the example illustrated above and must contain the six (6) items of authentication described in Rule No. 9.
